STATE OFFICER SELECTION PROCESS**

STAND AND DELIVER PRACTICUM PROMPT

You have been asked by the State Advisor to speak in front of the State Board of Education. Specifically, the Board is seeking information about the shortage of qualified agriculture teachers in Nevada and the US. You have 5 minutes of Public Comment time in which to revise and extend your remarks. Following your comments, the Board will ask you questions for not longer than five (5) minutes.

FACILITATION PRACTICUM PROMPT

Your Travel Team is visiting a newly chartered program. When you arrived, the Chapter Advisor asked that you do a short workshop with the Chapter Officers (14 students). In his request, he asked that you focus on ways that the student leaders can “jazz-up” meetings of the chapter and their activities. The total time of the workshop is 50 minutes (a single lunch period).

For this round, your Travel Team must present the first (10) minutes of the workshop. This should include a short “introduction” and one objective.
